

The new Observer series are designed for a versatile use to match any situation under all conditions. Two full sized models in a lightweight design provide comfortable ergonomics for long-term observation, bright images, crisp resolution and a wide field of view. Hardly any other binocular gets you so close with such clear, sharp detail, for so little budget.

..... **OVERALL FEATURES**

- **STEINER High-Contrast-Optics** provide bright, brilliant views, accurate colour and clear images with high contour sharpness for exceptional performance up to close range of 2m.
- **Fast-Close-Focus** central focusing wheel requires minimal, stepless rotation for quick absolute sharpness from close-up to infinity. Comfortable, easy to use.
- **Outstanding Ruggedness** with durable polycarbonate Makrolon housing, temperature range between -15°C to +55°C. Non-slip NBR-Longlife rubber armour protection resists oil, acid or adverse weather.
- **Ergonomic Design** with rubber armoured protruding controls providing comfortable and silent observations with effective sound absorption.
- **Cylindric rotation eyecups** made of soft, skin-friendly and non-aging silicone.
- **Lightweight roof-prism design** has less bulk to stay out of the way while observing.
